Oil Line Rupture Closes Fletcher Rd.

An underground oil line ruptured along Fletcher Rd. about a half mile west of Military Rd. at about 1 a.m. Tuesday morning, June 23. The oil spill covered Fletcher Rd. sheriff deputies reported and Fletcher Rd. will be closed from Military Rd. in Crawford County to Moorestown in Kalkaska County. The sheriff dept. said the road could be closed for a long time for clean-up.

The spill was reported by drivers in a military jeep who had their vehicle slide because of some crude oil on the road. More information about the spill and clean-up efforts will be published next week.

Military Jeep, Gravel Truck Collide, 1 Driver Injured

A military jeep traveling south on Military Rd. crossed the centerline hitting a gravel truck almost head-on about 2:50 p.m. Wednesday, June 17, according to a sheriff report. Both vehicles went into the ditch rolling over on their sides. Pat Hampton, of Indianapolis, was driving the jeep and he was taken to Mercy Hospital for treatment and released. The driver of the gravel truck was not hurt. The accident is still under investigation and Hampton was cited for crossing the centerline and driving with a suspended license.

Fire Damages Moose Lodge

A fire early Wednesday morning, June 17, damaged the Grayling Moose Lodge on Peninsular Street. Russ Strohpaal, of the Grayling Fire Dept., said the fire gutted bathrooms and charred a storage room located in the rear of the building. The rear of the basement, where the fire started, was also heavily charred. Although firemen contained the fire to the rear of the building, the rest of the building received smoke damage. The fire may have started in a trash bag in the basement, firefighters believe.

Forest Fires Hit West Part of Camp Grayling

Eight forest fires burned over 400 acres in Bear Lake Township of Kalkaska County last week and were caused by routine training activities at Camp Grayling. The fires were brought under control by two National Guard units from Camp Grayling while one fire fighting unit from the Indiana National Guard was on standby. Camp officials said that fires connected with training activities are not unusual or out of the ordinary.

Investigation of the fires is continuing by the DNR and the guard along with the Kalkaska and Crawford County Sheriff Departments.

Escape Drills Important When Real Fire Strikes

The Grayling City and Township Fire Department offer these tips to help you and your family if fire strikes:

- Install and maintain smoke detectors on each floor of the home. Test each one at least weekly. If you have the battery type change the batteries at least yearly. The importance of smoke detector is apparent when we read the National Fire Protection Association (NFPA) statistics that tell us that: over 60 percent of multiple death fires occur between midnight and eight a.m.
- Plan and practice EDITH (Exit Drills In The Home) until everyone in the home knows what to do. Don't wait for smoke and fire to surprise you.
- Practice now sleeping with the door closed. The door holds back smoke and fire while you escape.
- Practice testing the door for heat. Since heat rises, feel the door as high as you can reach. If the door is warm, don't open it, use your second means of escape.
- Practice what to do if you become trapped. Put closed doors between you and the smoke. Stuff cracks and cover vents to keep smoke out. If a phone is available, call in your exact location to the fire department even if they are at the scene. Tell children not to hide. Wait at the window and signal with a sheet or flashlight.
- Practice crawling low if caught in smoke.
- Have children practice saying the fire department phone number, the family name, street address and town into the telephone.

TRIVIAL PURSUIT LAUGHS — It was all fun and laughs Friday night as 18 contestants got dressed up in ridiculous costumes for the 3rd annual Trivial Pursuit Olympics. Hamming it up for the crowd is "Sessi Quentennial" (Gail VanNuck) center, Mis-Alignment (Clay Horton), Mary "Big Bucks" Galloway, left, and "Nurse Get Better" (Julie Nankervis) right. For more photos see page 3. (Jon Thompson Photo)

Mis-Fit Defends Title In Trivial Pursuit

In an identical finish at the top two places, Ralph Walker, alias Mis-Fit, took first and Shannon McNamara, alias Shanna of the Jungle, took second place in the third annual Trivial Pursuit Olympics held at the Knights of Columbus Hall Friday night.

Guy Quigley, alias "On A Dark Night," took third place. Walker represented Rainbow Fitness, McNamara represented Mac's Drugs, and Quigley represented the Knights of Columbus. They won trophies in the humorous competition among 18 contestants.

Also playing in the Trivial

Pursuit Olympics were Sherry Haag - Old Lady Milltown - Commission on Aging; Mary "Big Bucks" Galloway and Peggy "Small Change" Smith - Grayling State Bank; Kirk Day - Amigo - Flowers by Josie;

Clay Horton - Mis-Alignment - Rainbow Fitness; Denise Youngs - The Neighborhood Professional - Century 21; Todd Riley - The Automatic Trivia Machine - Chemical Bank North;

Valerie Jones - Dr. Getwell and Julie Nankervis - Nurse Get Better - Mercy Hospital; D.J. Taylor - Cowgirl Fanny Dopeley - WGRY; Doug Neilson - Jackpine Savage -

American Legion; Gail VanNuck - Sessi Quentennial - Glen's Market; Troy Haag - John Belushi - Crawford County Arts Council; Felicia Kuhn - Blue Light Special - K mart; Betty Bennett - Mother Nature - GPA.

Maureen McNamara, one of the organizers of the event, said Gloria Kraus did a great job as the master of ceremonies. Alton T. Davis, acting as the judge of the contest along with his sidekick Chief Shoppenagons, also added to the laughter of the competition as did Bill O'Brien ("Grayling's answer to Vanna White") spinning the Trivial Pursuit Question choice wheel.

Mobilizing Troops Is No Longer One Simple Order

(Editor's Note: This is the second of a four-part series on mobilization for war and what will happen in the event of a conflict on the national, international and local scene.)

The articles are written with the assistance of Lt. Col. Douglas Cardis, Camp Grayling Mobilization Planner, and is part of a continuing effort to keep the people of the local area informed about what is going on at the camp.)

Mobilization, The Chain of Command

"Everyone will now be mobilized and all boys old enough to carry a spear will be sent to Addis Ababa. Married men will take their wives to carry food and cook. Those without wives will take any woman without a husband. Women with small babies need not go. The blind, those who cannot walk or for any reason cannot carry a spear are exempted. Anyone found at home after receipt of this order will be hanged."

The order was sent out by Ethiopian Emperor Haile Selassie upon the invasion of that country by Italy in World War II. Fortunately most of its provisions will not be necessary or carried out here but the one certainty when all out war becomes a reality is that "everyone will now be mobilized."

Our immediate concern here are the personnel that have been in a regular training program and how they will reach the front lines. It will not be simply a matter of a single leader ordering the troops to head for the fighting. It will be a complicated but rapid series of steps beginning with the Commander in Chief of a particular theater of action overseas who will relay to the Joint Chiefs of Staff information about a threatening situation. They in turn discuss the situation with

the President.

Depending on the situation, the President may then call up to 200,000 personnel for 90 days. If the situation demands, he can with agreement by congress extend the active participation for an additional 90 days.

If in a fictitious foreign country threatening situation, the matter worsens, Congress and the President may elect to declare a partial mobilization of up to 1,000,000 persons for a period of 24 months. If then enemy action warrants, Congress and the President can call for full mobilization and this would activate all reserve component units, individual reservists, retired personnel and private resources.

Finally the most urgent step will be for Congress and the President to call for total mobilization. That declaration, in addition to activating the existing forces, authorizes the organization and generation of personnel and resources beyond the existing force structure.

Up to the point where only active army forces are utilized, the National Guard is in a pre-mobilization posture where they are under the National Guard Bureau operational control. Once a single or many guard divisions are activated, the direct command changes to that of the regular army for those particular divisions. The divisions that are not mobilized remain under the National Guard Bureau. Obviously if there is full mobilization few if any units would be associated with the National Guard.

Mobilization, however, would place Camp Grayling in an entirely different operational program because the facility would become the focal assembly point for activating units. On the local scene, then, highly complex plans are developed for handling the personnel.

Petition Efforts Continue Against Guard Expansion

A petition seeking limits on Camp Grayling expansion has received about 600 signatures as of Tuesday, June 23. Don Welser, who helped start the petition drive, says there are hundreds of other petitions still being circulated.

Organizers are going to ask for petitions to start being sent in by July 4th.

Besides limiting Camp Grayling expansion, the petition asks for restrictions on helicopter and aircraft maneuvers over pri-

vate lands and reasonable limits on nighttime firing. In addition to these requests, the petition asks the Michigan legislature to enact special legislation to provide a 50 percent property tax reduction for all areas affected by Camp Grayling noise pollution or other training problems.

Signatures on the petitions have come from Grayling, Frederic, Lovells, Mio, Saginaw, Bay City, the Detroit area, and all over the state.

Military Seeks Lease On Kalkaska Land

By Don Geiss

The Department of Natural Resources and the State Military board are working on a 20-year lease agreement for 13½ sections of land in Kalkaska County west of the Manistee River and north of M-72.

Bear Lake Township supervisor Ed Mogle has expressed firm opposition to the proposed lease. He has received many calls from his constituents who are also against the military using the land. He pointed out that they are mostly retired people who do not want the noise and traffic that the military would bring to an otherwise peaceful recreation area.

Mogle said that he recently met with Bob Borak of the DNR and Lt. Col. Pat Nunn and Lt. Col. Lee Lawson and that session was the first time that he has heard about the proposal.

The land in question would actually be exchanged on a lease basis for sections that

have been found to contain kirtland's warblers on the eastern side of the military property in Crawford County.

The land that would be turned over to the military in Kalkaska County is described as being in Township 27 North, Range 5 West, sections 2, 3, 10, 11, 14, 15, 22, 23, 25, 26, 27, 34, 35, west half of section 36. The last two and one half sections are south of M-72. The property is two sections wide from M-72 to County Road 612.

Nunn said that he has heard nothing about a decision on the exchange lease. He said that the final word would come from the State Military Board and the DNR headquarters in Lansing.

Borak said that he has received recommendations from the field and there should be a decision on the matter this week.

Regional DNR Chief John MacGregor confirmed that the military has asked for the land but that the final decision has not yet been made.

200 Indiana Guard Attend Chamber Reception

"We want to preserve all things sacred to our nature but unfortunately readiness for war takes training and noise and helicopters."

That comment was made to members of the Grayling Regional Chamber of Commerce last week by Indiana Adjutant General Maj. Gen. Carl G. Farrell during a reception hosted by the chamber. He also commented that the guard is very concerned about the quality of life and protection of the air, land and water. He said, "The Indiana National Guard looks forward to a continuing friendly relationship with the Grayling and Crawford County community."

Farrell introduced Maj. Gen. Kenneth Himsel, commander of the 38th Division, who made mention of the fact that he had flown over the military area of Camp Grayling with the Forces Commander. He said that the commander was very impressed with the facilities here and thought that there should be a reassessment of this location for training. Himsel said that the commander thought more troops should be assigned here in the spring.

Farrell was presented a Carlisle canoe paddle as a token of remembrance by Grayling Mayor Gordon "Sandy" Thompson who pointed out that the general could never again be "up the creek without a paddle."

Ron Fraser acted as master of ceremonies for the reception and introduced the members of the chamber's Military Affairs Committee. He complimented them on a good job of continuously working to achieve better community-military relations. He also introduced new chamber office manager Christine Holtz and asked the chamber members to welcome her.

Ron Phillips, a member of the Military Affairs Committee awarded Fraser a Meritorious Service certificate because of his dedicated work on the Military Affairs Committee. Fraser also introduced the chamber board whom he said deserved a lot of credit for a hard year of reorganization. He said that he expected the board to take many constructive steps this year to attract business and tourists to the area.

About 200 Indiana National Guard officers and non commissioned officers as well as chamber members attended the reception held at the Grayling Holiday Inn.

Crawford AuSable To Try Alternate Day Kindergarten

The Crawford AuSable School Board voted to try a full-day/alternate-day kindergarten on a trial basis for the 1987-88 school year. Kindergarten students will attend school for a full day on alternate days instead of a half day every day.

Superintendent Kent Reynolds said the full-day/alternate-day schedule will cut in half the number of hours kindergarten students were riding buses for the half-day/every day program. He noted with the every day program some kindergarten students were on the bus for as long as 4 hours a day for 2½ hours of school.

Other advantages of the full-day/alternate-day program were listed at a meeting June 2 with about 54 parents of 1987-88 kindergartners.

Dr. Ruth McKenzie, Holton Superintendent, told the audience Holton kindergarten teachers felt they gained an extra 12 days of instruction time when they became the first public school district in Michigan to adopt the full-day/alternate-day program in 1983.

She also said test scores were excellent and attendance improved.

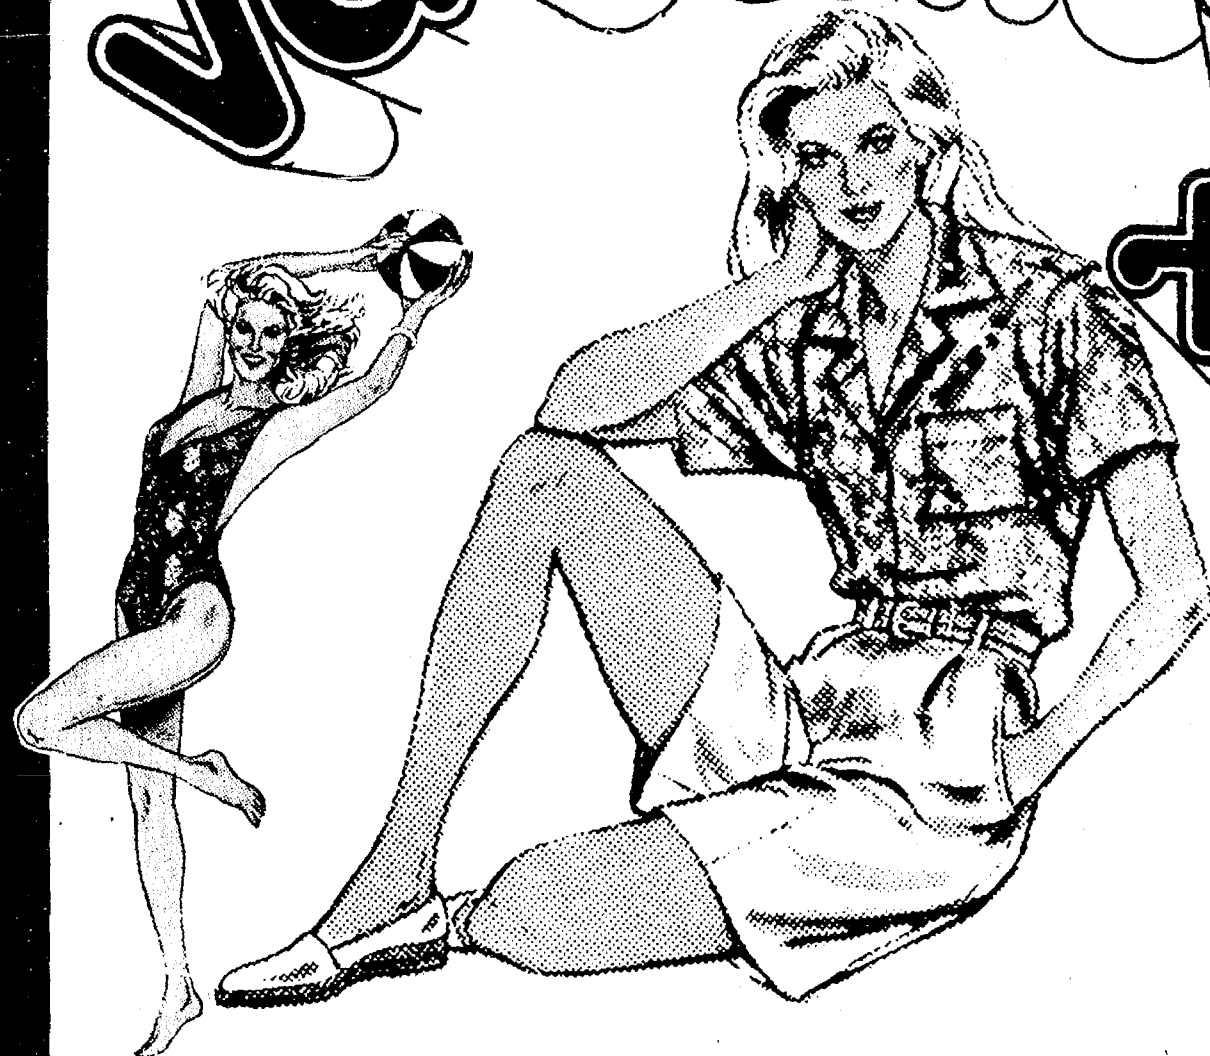

Diane Fictell, who has taught kindergarten in Holton for 16 years, said children weren't too tired with the all-day program. She also said in four years of the program, only two children have showed up on the wrong day.

Adopting the new program on a trial basis comes after six months of research into a full-day/alternate-day schedule. A committee of Dave Hawkins, Pat Nunn, Patty Hawkins, Nancy Nunn, and Pam Spencer found there is nothing to show either an educational benefit or detriment associated with full-day/alternate-day kindergarten. They also found student stamina is not a problem after the first few weeks, and 95% of the parents from the Houghton Lake School District (in its 3rd year of the program) reported they liked the schedule.

Seventy two school districts in Michigan now operate full-day/alternate-day kindergarten. In addition to the extra instructional time for kindergarten students, the school district will also save about \$17,500 by reducing the mid-day bus runs for kindergartners.

GHS Students Receive AAA Truck Program

Driver education students at Grayling High School learned the best ways to safely share the road with heavy trucks in an AAA Michigan-sponsored program at 10 a.m., Tuesday, June 23.

AAA Michigan has prepared the hour-long program— "Sharing the Road with Big Trucks"— to help young drivers understand the capabilities of their vehicle and the limitations of heavy trucks. This is the

first year the program is being offered to driver education classes.

"Understanding the braking, acceleration and maneuverability limitations of heavy trucks is especially important to new drivers," stated AAA Michigan Safety and Traffic Manager Robert V. Cullen.

"Students will learn the proper way to pass a truck, how to avoid a truck's blind spot and the added dangers caused by inclement

weather," he pointed out.

Cullen said that students will view a video, "Cars and Trucks: Sharing the Road Safely," as well as a slide presentation that was prepared as part of a year-long study by AAA Michigan's Safety and Traffic Department of accidents involving trucks and cars.

More than 100 programs will be presented to 10,000 students in Michigan this year.

New Veterinarian Added At Grayling Hospital for Animals

Doctors Casler and Mesack are pleased to announce the addition of Dr. Jack Rauch to the staff of Grayling Hospital for Animals.

Dr. Rauch is a 1985 graduate of the Michigan State University College of Veterinary Medicine. He is originally from Detroit and has been practicing in

Negaunee, Mi., since graduation. He and his wife, Terry Harynen, D.O., will be residing in Roscommon.

The addition of Dr. Rauch to the staff will make it possible to establish a full care small animal veterinary facility in Roscommon within the next few months. The three doctors plan to staff both offices on a rotating basis.

Mercy Hospital Sponsors Program for Alzheimer's

Mercy Hospital, Grayling is sponsoring an education program June 25 from 9:30 a.m. to 2:00 p.m. on Managing Behavioral Changes and Problems in Alzheimer's Patients. This program will center around a taped satellite teleconference produced by the Medical Learning Center at St. Thomas Hospital in Nashville, Tennessee. Participants in this program will have an opportunity to discuss issues and problems raised in the teleconference and to assess local needs regarding Alzheimer's patients and caregivers.

"The program is especially directed to the caregiver in the home setting but will also be appropriate for staff and other community services providers in nursing facilities," said Ms. Debra Larson, Medical Social Worker for Mercy Hospital. "We feel there are a number of people in the community caring for loved ones with Alzheimers or other similar disorders who may feel isolated and alone with their problems and they may need the opportunity to meet one another and share

common concerns and problems." Persons may register by calling Ms. Pat Hanson, 348-5461, ext. 120.

Northern Michigan EMS Wins State Competition

For the second year in a row, Jill Miller and Greg Wagner, EMT Specialists for Northern Michigan Emergency Medical Service of Houghton Lake and Gray-

ling, took first place in the Basic Life Support competition. This was part of EMS EXPO '87, an annual statewide conference for EMS professionals. This year's conference was held at Stouffville Hotel in Battle Creek, May 29-31, and sponsored by Michigan Association of Ambulance Services, and Michigan Association of Emergency Medical Technicians.

The conference was attended by over 400 persons representing emergency medical services from across Michigan. Activities included seminars which updated skills.

During the competition, each team was tested in practical simulations involving a medical emergency and a trauma situation. There was also a written exam taken by each member of the sixteen teams which competed. Northern Michigan E.M.S. scored higher than any of the other Basic teams to retain their championship for another year.

Northern Views

By Jon Thompson

Hot days tend to scatter your thoughts. Here's a few views in all directions on local residents:

Howard "Whitey" Madsen has promised to write a column soon letting readers know how he and his den are faring. But he said he won't be writing about how his golf game is faring.

Irv McIsaac, the present of the Booster Club, is welcome here at any time. Irv can come in on the hottest, busiest day of the year and start laughs as easily as he sells 50-50 tickets.

Robert Ruddy and Elmer Fenton, both who have been directors at the county museum, have preserved more of our history than anyone I know.

Crawford County animal control officer Marjorie Mathew may run one of the best animal shelters around the north. You can donate food or money to the shelter. Every little bit helps Marjorie keep improving the place. A lot of people in this county have pets that came from the shelter or at least stayed there a short time until the owners found them.

I nominate Sue Mogel, UPS driver for our area, for an award as nicest person in the county. If she could write a book on how to be so nice, it would be a best seller.

Close but no cigar. Joe Rozenek had a hunch on a four-digit daily lottery number and LeRoy Papendick joined him on playing the hunch. They hit 3 of 4 numbers — just missing winning cash. The just-misses hurt more than hitting no numbers at all, and some wise guy told them they should have stuck to the three-digit daily.

Some of the local players tell the young Wizard at Camp Grayling he could be an unstoppable basketball player if he practiced his outside jump shot. But what they don't tell him is that if he gets any better we wouldn't let him play in Crawford County anymore.

Almanack

Touch of Class Remains

by Richard Millman

THERE'S STILL a touch of class or two in certain areas of the political picture.

Michigan Gov. James Blanchard and his wife, Paula, who have been around the political circuit a few times over the past dozen years or so, proved it recently; occasion war announcement of their intent to divorce.

After 21 years in double harness, divorce has got to be a personal tragedy. But both the governor and Mrs. Blanchard handled it with genuine class.

Gov. Blanchard went out of his way to heap praise upon Paula Blanchard. "I think she has probably been the most outstanding first lady Michigan ever had," the governor said. "Of course, I'm biased."

It was a gentlemanly thing to say. The present governor might get an argument about the accuracy of his claim from partisans of Helen Milliken or Lenore Romney or Nancy Williams. But the point of the comment is well taken.

These are high-minded civilized people involved in an unpleasant personal dilemma. They are both to be commended for their conduct under duress.

LEE HART SCORED, TOO — The Blanchard example follows closely upon another example of class under fire. Lee Hart racked up all sorts of honor points in the category of sense and civility with her public demeanor when her husband, former Sen. Gary Hart, underwent his own personal travail in a very public way.

Certainly Mrs. Hart was hurting at the time; but she came through like a trouper and her public esteem rose several notches. In the Hart case, however, Gary Hart probably suffered considerably in comparison with his wife's conduct.

Another Democratic candidate's wife also deserves a garland or two of honors when it comes to class under pressure. Mrs. Jesse Jackson, in effect, told hypothetical questioners to bug off when they started prying into personal family matters in the Jackson household. That's personal territory, and off limits to such a line of inquiry, she let it be known.

Good for her. Class also includes knowing when and how to put your foot down, and Mrs. Jackson scores high in that regard.

The Avalanche has a 13-lined ground squirrel (chipmunk) who visits us on hot days when the back door is open. He doesn't know as many jokes as McIsaac but he's just as welcome.

Mike McNamara talked Chris Golinick into umpiring Little League baseball with him this year. So for the very first game, McNamara can't make it and Golinick has to become head umpire and pull a parent out of the stands for the other umpire. Now Golinick knows baseball well and played Little League and GHS baseball for many years, but for those of you not familiar with minor league baseball, there are quite a few different rules. Batters get four strikes or swings at the pitching machine. Innings end if five runs are scored. There are 10 players on the field plus coaches can stand in the field. Everyone on the team bats in order even if there are 15 players on a team.

So Golinick is in his first game umpiring getting used to the special rules when an unusual play happens. In a close game, a runner heads for the plate. The catcher receives a throw in his mitt right on top of the plate in time to tag the runner. But the catcher doesn't move his glove, leaving it right on top of the plate. The runner comes in and hits the glove and plate. It's hard to tell what his foot hit first.

Golinick hesitates a split second — probably silently thanking McNamara for this great situation he's in — while some of us who know it's his first game laugh at the tough spot he's in.

Then Golinick calls out loud and clear the runner is safe saying his foot hit the plate first. There's no argument from the other team, the crowd knows it is a good call, and another umpire is born. (But one of Golinick's friends in the stands jokingly calls out "Kill the Ump!" just to let Chris know umpiring will never be a piece of cake.)

Many Crawford County residents had strong feelings about a column by Pete Waldmeir, of the Detroit News, published Monday, June 22, on the front page of the Michigan section of the daily newspaper. Some residents were very upset over the column headlined "Guard Turns Grayling Into Battle Zone." They felt it was an unfair representation of the area and another example of a downstate journalist wandering north and pretending to know more than the local population.

Other area residents felt it was an accurate description of the area and the column reflects the average view of a tourist toward the guard.

Although the article can not be reprinted in its entirety in the Avalanche because the Detroit News does not usually give reprint permission to newspapers in its circulation area, important parts of the column are mentioned here.

The column begins with the dateline Grayling and then says "Greetings from Beirut on the AuSable. The next time I decide to come

here for a vacation in June, remind me to bring my steel helmet and my designer flak jacket. And a sturdy set of earplugs."

Waldmeir goes on to say he's heard the locals complain about the National Guard noise, traffic congestion, and general confusion for years, but he always figured it was just sour grapes because the guards probably contributed a lot more to the area economy than it caused in temporary discomfort. Then he says he spent a week here along with 17,000 members of the 38th division of the National Guard.

Waldmeir said he found noise and excitement during the seven days he was trying to relax on the north shore of Lake Margrethe.

"Now, I'm not saying that the troops don't spend money or otherwise contribute to the quality of life," Waldmeir wrote. "You see them everywhere — in the stores, restaurants, hotels and bars. But, whooeee... they sure can clog up the streets and play tricks with your eardrums."

The first thing Waldmeir noticed was the helicopters flying all hours of the day and night. Then he noticed the artillery target practice at 3:30 a.m. when the concussion from the shells jarred him awake and sent the dog under the bed. The next day he noticed the mortars. Before and after the mortars he said he noticed the tanks lobbing shells into an impact area.

Waldmeir said the reasons for this training was explained by lieutenant colonel Brian Downey.

"Our procedure, quite simply, is to get troops ready to go to Europe," Downey said. "The Grayling area is preferred for training because the terrain is as close to that of southern and eastern Germany as you'll find anywhere. Also, there is more training area here than on most other National Guard bases. So troops come from all over to use it."

"Noise? Sure, there's noise. We send them up there to make noise. If we wanted

them to read books about artillery, we'd leave them home," Downey is quoted by Waldmeir in the column. "And we have to train at night because we have to be ready for missions at night. You can't just read about night firing and then be expected to do it."

Waldmeir also said Downey explained that the National Guard are not the last batch of troops called into battle but will be among the first. Waldmeir ended his column by saying if the troops are called to Europe they'll be accustomed to the noise of battle.

Ambulance Service

Dear Mr. Joyce,

On Wed., June 3rd, my wife suffered a serious heart attack. We found it necessary that she be transferred from Mercy to Petoskey. I inquired at the Hospital as to the transfer arrangements. Had I not done so I found that Mercy would have automatically assigned the transfer to Northern Ambulance. In any event Gloria was transferred via Crawford County Ambulance at my request. Fortunately, every aspect of care she received from Mercy Hospital staff, Physicians and Ambulance crew not only saved Gloria's life but prevented serious/permanent damage.

Too few taxpayers realize, or have the chance to experience the value provided by taxed based services. Today with medical expenses surpassing even group insurance coverage capabilities,

I believe it is not only beneficial, but vital to us all wherever possible to lessen financial burdens. The principle behind Insurance concepts is to spread the expense over a large group of people, so that the financial loss to any one individual remains minimal. This same principle somewhat fits the County Ambulance service in that being a tax-based operation the individual user is confronted with lower medical incurred expense. Perhaps, the County Ambulance services are of even more importance to our Senior Citizens having lower or fixed income resources. This being the case and in view of our recent experience, we not only recommend OUR County Ambulance but, sincerely encourage yourself and all the Commissioners to enhance and promote continued County Ambulance service availability.

Sincerely,
Peter W. Stephan

Animal Shelter Receives Donations and Praise

Dear Sheriff Hatfield,
Enclosed is a check for \$90 to be donated to the Crawford County Animal Shelter. Funds were raised by students in Grayling High School's Spanish and Advanced Studies classes.

I think your animal control staff does a good job, and I hope that you and the County Board of Commissioners will always consider that department as a high priority item.

Sincerely,
Nancy J. Lemmen

To All Concerned:

I would like to take this opportunity to thank all those (Spanish and Advanced Studies) students involved in the fund raiser, where the proceeds have been donated to the Crawford County Animal Shelter. It's nice to know that the county's young people are aware and concerned with what goes on in their world.

Also, a big thanks to all those who have donated dog food and funds. Money received in the past was used to install new floor covering in the Animal Shelter. Future funds will go toward insulating the Shelter.

Thanks again,
Sheriff Harold A. Hatfield

Commission Recommends All Schools Follow Core Curriculum

By Warren M. Hoyt
Michigan Press Association

The Michigan School of Finance Commission has recommended that every district be required to provide a minimum educational standard or face reorganization or takeover by the state.

The obligation would mark a departure from traditionally loose state requirements, which currently list only a semester in civics.

The proposed standards, outlined by the commission's Educational Quality Subcommittee, would be mandated by the state but local districts would be required to develop a plan to implement them, said S. Martin Taylor, co-chair of the group.

The State Board of Education would define the core requirements for all students, develop methods of evaluation and report educational results.

Local districts would also be required to develop a plan to evaluate their programs in achievement and employability measures, attendance and graduation rates, graduation follow-up and instructional implementation. Both plans would have to be approved by the state.

If a district fails to administer the core curriculum in communication skills, mathematics, science, social studies, health and physical education, career and vocational development and arts and humanities, Taylor said, the state would be able to mandate a specific program through several forms, including district reorganization, replacement of the board of education and administration or restructuring of the district delivery system.

Taylor said it has not yet been determined how the mandatory programs would be

funded or what their cost would be.

The subcommittee, he said, did not concentrate its efforts on funding because it wanted to see if its recommendations would be supported by the commission.

Though the state would be required to pay for mandated programs, Taylor said he does not believe the public would object to raising those funds because of support for a quality education.

Commission Co-Chair Edgar Harden said the recommendations will now go to the revenue and allocation subcommittees. "A proposed education program has been suggested, a core program has been defined, one that state funding should assure can be provided in every school district."

Sen. Norman Shinkle (R-Lambertville), chair of the Senate Finance Committee, questioned whether the committee had considered phasing out local school boards, leaving the state to implement the recommendations.

But former superintendent of public instruction Phillip Runkel said there is no conflict in mandating local districts develop core curriculum programs. "The issue isn't local control, it's the future of Michigan."

Taylor pointed out that many of the ideas the subcommittee has proposed are in existence or have been discussed before, including competency testing. Most of the recommendations would require legislative action though the constitution would allow the state board to mandate the programs, he said.

Taylor also indicated the department and the state board may need to be restructured to accomplish the recommendations.

Ponderings

The Early Summer Fever

By Don Geiss

It seems as though thousands of people around the area have come down with salmo trutta fever and the doctors do not seem to be the least bit concerned.

In case any of our readers have not yet been affected with the malady, the symptoms seem to begin with a dreamy look in the eyes followed by incoherent answers to questions. In most cases it is still the male that comes down with a more severe case of the disease and perhaps that is the reason that they too exhibit another symptom that is not apparent in the female.

The males go into seclusion for long periods in a brightly lit room muttering words and numbers like four three x and parachute hackle. Once the period of solitude is over indoors, the male and often now the female goes into that same type of "lone wolfishness" outdoors.

The outdoor sessions will begin shortly before dark and often last far into the night. At this point in the disease, both the male and female start to mutter strange words such as hexagenia limbata or ephemera simulans.

Employers notice that the employees come to work with half closed eyes and ap-

proach their duties with only a half hearted attempt at doing their job. Of course doctors point out that the major reason for that is because the individuals affected by the disease do not get much sleep since they are outdoors in a trance late into the night.

Generally the malady begins later in June than it has this year but medical persons attribute that to the fact that the warm summer thus far has upset the balance of nature including man and beast. Fortunately the bug will also run its course early this year and so others in the household and workplace can find some solace in that.

The sign that the disease has about run its course in any individual is when that person leaves the house earlier and earlier and stays out later and later. Observers of the sickies say that the reason is that they travel further and further each night apparently in search of relief.

According to the experts most persons so affected will not come down again with the malady for another year but in some few cases the patients suffer all year long. Generally those people do not show as definite symptoms nor does he or she remain out as late.

A Look Back At Our Past

AuSable Quilt Guild Plans 6th Show

The AuSable Quilt Guild is busy with plans for the sixth annual Quilt Show to be held at the Icehouse during the Milltown Festival, July 23-26. Marian Welsh and Jill

Wyman, co-chairwomen of the event, promise an interesting and exciting show. Only 75 quilts will be selected this year, because of space limitations. These

may include wall hangings, quilts or quilted garments, many of them for sale. A one dollar admission fee will be charged to cover show costs. All visitors will receive a

booklet designed by guild member, Pearl Johnson. It will list all items to be exhibited along with the quilter's name.

The third annual meeting of the guild was held early June at the home of Jane Adams. Much new and old business was discussed and positive decisions for future group activities were made. New officers are: Jane Duvall, President; Jan Parker - Vice-President and Treasurer; Evelyn Wheelock - Secretary; Ruth Steffe - Special Events coordinator.

SEPTEMBER WEDDING PLANNED — Don and Joan Cornell of Roscommon would like to announce the engagement of their daughter, Carolyn, to James Neault, son of Jim and Peggy Neault of Oscoda. Both are recent graduates of the University of Michigan, Flint. A September wedding is being planned.

Resource Review

By Bruce Patrick
Conservation Officer

Recent news reports and comments I have received indicates that many, if not most, people don't realize that it is unlawful to operate a watercraft while under the

influence of alcohol. I guess my main surprise at learning this is that it seems so logical that everyone should know it.

Specifically, the Marine Safety Act states: "A person who is under the influence of intoxicating liquor or controlled substance... or a person who is an habitual user of a controlled substance, shall not operate, propel, or be in actual physical control of a vessel upon the waters of this state." Further, the owner of a vessel shall not "knowingly authorize" or permit a person under the influence of a controlled substance to operate the vessel.

The same basic wording applies to the operation of O.R.V.'s and snowmobiles. The old adage that gasoline and alcohol don't mix applies to more than just automobiles.

Here's an amazing baseball fact...A major league team, once drew fewer fans during a whole season, than other teams have drawn in one day!...When the St. Louis Browns played in the American League in 1935 they, unbelievably, drew a total of only 89,922 at home ALL YEAR while, for instance, on one day in 1954, the Cleveland Indians drew 84,587 for a game against the Yankees.

Here's a surprising fact...No golfer under the age of 30 has been able to win the U.S. Open tournament anytime in the last 8 years...The last 8 winners of the Open have been Hale Irwin in 1979; Jack Nicklaus, 1980; David Graham, 1981; Tom Watson, 1982; Larry Nelson, 1983; Fuzzy Zoeller, 1984; Andy North, 1985; and Ray Floyd, 1986 — and all those golfers were over 30 when they won the Open.

What's the toughest stadium in which to hit a home run in major league baseball — and which is the easiest? ...The most homers, by far, in the majors last year were hit in Minnesota's Metrodome...That was the only stadium where more than 200 homers were hit...Toughest is St. Louis's stadium where last year only 90 were hit.

I bet you didn't know...Scheer Motors in Grayling is offering \$1,200 rebate on the traditional rear drive Fleetwood Brougham Cadillacs. We have a dozen beautiful Cadillacs on display now at Scheer Motors. Also financing as low as 3.9%. Please stop and see these luxury liners.

Tournaud Dance School Presents 10th Spectacular

The Louise Tournaud School of Dance will present their 10th annual "Dance Spectacular," Friday and Saturday, June 26 and 27 at the Joseph Stripe Auditorium - Grayling High School.

Audiences of all ages will be entertained by over 100 dancers who will present a variety of tap, jazz and ballet dances including a special presentation of Peter and the Wolf - performed by the schools own dance com-

pany "Metamere."

Both performances begin at 7:00 p.m. Admission is \$3.00 - children under 5 years of age are free. Tickets are available at the door.

Bits of Talk by Fay Bovee

Starting in July you are invited to join the "brown baggers" every Thursday noon at the Depot for lunch. Bring your "brown bag" and a lawn chair and spend your lunch hour visiting at the Depot Historical Museum. Talk about the history of Grayling if you're an old-timer, or ask questions if you're a newcomer. If you don't want history, discuss the weather or whatever. Come join the group.

Mike and Linda Bearss and sons, Brian and Scott, have moved to Grayling to make their home. They are at present living in the former Rosa Christenson home on Chestnut St. Mike is employed in the nuclear medicine department in Gaylord, Brian will enter the new middle school fifth grade, Linda is interested in basket-making and crafts and three-year-old Scott keeps everyone busy. The boys have just acquired a new cock-a-poo to keep them company. Linda is the daughter of Jack and Beth Seator who are also moving to Grayling.

Guests of Pearl Tucker at Lake Margrethe for two weeks are her daughter, Janet Bierkamp and family. Janet's husband, Bruce, is in the National Guard Camp.

David and Karen Mansfield and son, Michael, from Victorville, California, were here visiting their parents, the Dick Mansfields and the Tom Hazens.

Doug and Monique Mansfield of Ferndale also visited their parents, the Mansfields and the Luke Petroskys. Dennis Mansfield of MSU came home so all three boys were here visiting at the same time.

Visiting at the Earl Whaley family home were all of their children. They came for the wedding of Diane Whaley to Randy Weller on May 30. The next day, May 31, an Open House was held for Keith Whaley who graduated from Grayling High School. Diane had graduated on May 23 from Ferris State College with a B.S. degree in accounting. Completing the family graduations was Earl Whaley who received an associates degree in business at Kirtland Community College's graduation in May. Glen Whaley was home from Lawrence, Massachusetts, Mark Whaley and fiancée, Loraine Henderson of Cincinnati, Ohio, Jim and Jeanie Whaley of Grand Rapids, Tom Whaley of Grand Rapids, and his fiancée, Sue Lehto of Lansing. Earl's aunt and uncle, Andrew and Margie Hawkins of Byhalia, Mississippi, stayed with their niece and husband, Ed and Ruth Funk.

Dale and Clara Pettengill attended his 58th high school class reunion at Perry High School the early part of May. It was the 100th anniversary banquet at Perry, making it another one of the Michigan schools having their 100th alumni affair.

Les and Dena Hunter were in Highland, North Carolina, for 10 days visiting their daughter, Paula, who was working with the film crew filming "Foxfire." They were joined by Gail Hunter of Atlanta. Les and Dena returned to Atlanta and spent another week there.

Dewey and Ernestine Coutts of Delaware, Ohio, visited in the Grayling and Gaylord area recently.

Isotoner slippers and driving gloves now available at the Village Shop in the Grayling Mall.

The David Englund's and Emma and Emil Mattson were to Rockford, Mi. last Saturday to attend the graduation open house for Steven Welch, son of Arlene and Dave Welch. Arlene graduated from Grand Rapids

Baptist High School and plans to attend Grand Rapids Baptist College in Sept. Also in attendance were the Jack Smiths of Fremont and the John Wilsons of Saginaw.

Mrs. Ruth Robertson has returned to Grayling for the summer. On the way home from Florida she spent time with John and family at South Haven. Ruth visited Sylvia and family at Portland and met her new great granddaughter Jessie Kay Krausz born to Richard and Lori Krausz. She also attended the graduation exercises of Jeanette Robertson from Cass City High School. Jeanette is enrolled at Alma College this fall.

Rev. Joe Robertson, of Cass City, stopped in Grayling Monday to see friends. On the way home from Florida Joe stopped at Rheinhard College to visit Eddie and Sylvia.

Isotoner slippers and driving gloves now available at the Village Shop, in the Grayling Mall.

Eva Strong is pleased over the arrival of a great grandson on June 11, 1987. John Raul III, arrived at Crittenton Hospital, Rochester, to John and Kathie Stock, weighing 8 lbs. 3 1/2 ozs. He was 21" long. His grandparents are Bob and Sandy Luter of Parker, Colorado, Pat and Paul and great grandma Stock of Lapeer, and the Rev. and Mrs. Hollie Luter of Saginaw.

Class of 1967 Needs Response

Please send in your \$16 per person reservations to Nancy Elliott, 1531 Normandy, Ann Arbor, MI 48103 by July 1st. The response has been so low we hope we won't have to cancel.

DANCE SPECTACULAR — JoAnn Bagley, four years old, of Grayling and student of the Louise Tournaud School of Dance, prepares for "Dance Spectacular" at the Joseph Stripe Auditorium, June 26th and 27th.

Co-Op Nursery Plans Last Open House

The last Open House for the summer is planned for July 22 at Grayling Co-op Nursery. The Board has determined that the Tuesday-Thursday p.m. class will be a 4-year-old class again this year. There are a few openings left for this class. If you would like to register your child stop in then or contact our membership Chairman Eileen Papendick at 348-8851. Look for further announcements concerning Fall Orientation in August.

This meeting is required attendance for all 1987-1988 enrolled parents. Health forms, immunizations checked and information sheets will need to be filled

out at that time before your child will be allowed to attend nursery school.

The Grayling Co-op Nursery is a state licensed non-profit non-discriminatory organization. A volunteer board elected from the membership sets policy and procedure in staying strictly with the guidelines set for the nursery school by the Child Care Centers Licensing Rules and Regulations. The Department of Social Services Consultant Anne Selega will be visiting our school for its yearly inspection and the Fire Inspector as well as the Sanitation Inspector will also be checking our school. The Co-op encourages par-

ent participation with all activities and always has a different membership parent helping out with every class session. Our program helps young children build self confidence and social skills that prepare them for school. Field trips, group games, singing, outside play, art, show-n-tell, snack time, and storytelling are just some of the fun things to do at nursery school.

Children must be 3 by Dec. 1 in order to register. Stop in July 22 and take time from 4:00 to 6:30 to show your enrolled child the school and bring a friend or Grandma to the Discovery Toy Party. Do some early Christmas shopping and put an educational toy under the tree this year. The school's profits will go towards purchasing these same educational toys for the school. The Discovery Toy Fundraiser will be represented by Nanci Hodges.

400 Attend Hospital's First Children's Fair

Over 400 children and their parents attended the 1st Children's Health and Safety Fair sponsored by Mercy Hospital, Grayling on Saturday, June 13. Sunny skies and warm temperatures added to the enjoyable afternoon of fun and learning for area youths.

Upon registration, children were given a free fair guide to use at the various booths of safety and learning. When completing a program or activity, children were given a sticker to place

in their fair guides. Events ongoing throughout the afternoon included a health status check, poison information, paint shop, face painting booth, and obstacle course. Education programs held on the half hour included basic emergency care, fire prevention and emergency response, nutrition update, Street Smart Kids, Health Teeth/Health Smiles, trail exploration and bike it.

Community groups assist-

ing Mercy Hospital staff with the fair included Crawford County Library, Cooperative Extension, Boy Scout Troop 944, Roscommon; Boy Scout Troop 997, Grayling, Crawford County 4-H Clowning Club, Dr. and Mrs. Barry Fenn, Grayling City/Township Fire Department, Camp Grayling, Crawford County Ambulance Service, Crawford County Sheriff's Association, and Northern Michigan Emergency Medical Service.

MILKING A COW — There was a long line to "milk the cow" ... a configuration created by Mercy's Maintenance Department out of Weyerhaeuser Structurwood. An IV pull was placed inside the cow attached to a surgical glove, giving children the opportunity to have the hands-on feeling of milking a cow. It was all a part of the nutrition segment of the Health Fair.

STEP RIGHT UP — Billie Kessler of the Mercy Hospital Auxiliary takes a height and weight measurement ... one of 400 she tallied throughout the afternoon.

WOODS SAFETY — Children and parents crossed the AuSable River behind Mercy Hospital to learn about camping and trail safety. At left, Josh Woodland and Chris Thompson, both members of Boy Scout Troop 997, Grayling, discuss safety measures in the woods.

Robins lay three to five eggs and the young like most birds are completely dependent upon their parents until they develop feathers and

Doodles From The Tall Timber

By Wendell L. Hoover
Park Interpreter

So common is the Robin, our state bird, that we seldom give it much thought. A bird book will tell you its range, size and song, but it takes a bit more searching to find other facts. For example, did you know that a Robin claims a territory about the size of a football field, but can make do with much less if the food it seeks is plentiful. It is the female that chooses the nest site and builds the nest. The male brings her materials to aid in the construction. Building the nest takes anywhere from six to twenty days.

flight muscles. The bill of a Robin is a versatile tool which allows the bird to pull worms out of the ground, peck at my strawberries, pluck insects from the ground or a leaf and groom themselves.

Robins have four toes, three which point forward and a stronger one which points back. The hind toes closes around a branch from below while tendons pull all the toes tight to prevent the bird from falling.

CARD OF THANKS

I would like to thank the teachers, staff, administrators, students, parents and family for the "surprise luncheon", gifts, flowers, cards and fond memories you have given me. I will miss you all.

Spike's won the first half of the season despite being handed its first loss of the season by Scheer Motors. Scheer's jumped off to a season run lead and held on for an 8-4 victory in the opening game. Scheer's had six players with multiple hits.

Spike's avenged its only loss by beating Scheer's in the nightcap 13-4. Spike's scored eight times in the first two innings and had six players with multiple hits.

Camp Lehman tied for second place for the first half of the season by beating Weyerhaeuser 17-6. Norris Land continued his hot hitting by slamming two home runs and six RBI's while Lemon Keith gave plenty of support with a grand slam and six RBI's for the Lehman Eagles. Mike Sumner hit two round trippers for Weyerhaeuser.

Weyerhaeuser came back to take the nightcap 11-9 with the long ball again playing a major role. Weyerhaeuser was led by home runs by Bubba Fennell, Mike Sumner, and Rod Patterson.

Norris Land had three hits for the Lehman Eagles.

Airway Automation was unable to field a team and had to forfeit two games to the Holiday Inn.

Grace & Ben Zimmerman

Couple Observes 64th Wedding Anniversary

It was a happy moment for Ben and Grace Zimmerman to be together and quietly observe their 64th wedding anniversary at the Health Care Center in Grayling.

Because of health problems and distance it was a belated observance, but one that was full of meaningful memories.

Benjamin Zimmerman Jr. and Grace Grove were married on March 21, 1923, in Kalkaska. Because of the deep snow that year, it was difficult for the horses to pull

their sleigh the eleven miles from Rapid City, where Grace lived with her family, to Kalkaska. Grace said the horses had to often lunge to break the four-foot snow drifts caused by blowing snow.

Following their marriage, the couple lived for a short time in Adams County, Indiana, near Ben's family before returning and settling in Rapid City.

The Zimmermans have a large family of eight children, thirty-seven grandchildren, and thirty great grandchildren.

Grace now resides with a daughter in Rapid City, and Ben is a resident at the Health Care Center in Grayling, Michigan.

Commission on Aging

Lots of things are happening in the next few weeks that are of interest to seniors. The public hearing scheduled for June 30 at the Grayling Township office is another step closer for all Crawford County seniors to have their own building. Be

sure to be there to voice your opinion. Then on July 7th at 5:30 p.m., there will be an informational meeting about the progress of the proposed new center, including financing, floor plans, location, etc. All area interested citizens are invited to attend

this program.

The Milltown Festival heritage Day is July 23. COA is presently accepting nominations for the outstanding male and female senior citizens of the year, and the two who are selected will be honored at the ice cream social and dance to be held on the 23 of July. Ed and Velma Lobdell are presently finishing up their year as "King and Queen", and they have been excellent representatives. Ballots for nominations of the new representatives can be found below, in the COA news bulletin and at the COA office.

Coming attractions: June 30, Public Hearing for "special use" permit at the Grayling Township office at 7:00 p.m.; July 3, all COA offices will be closed.

Menu and Activities for the week of June 29-July 3:

Mon. - 3:00-Song Birds, 5:00-Dinner (Hamburger on a bun).

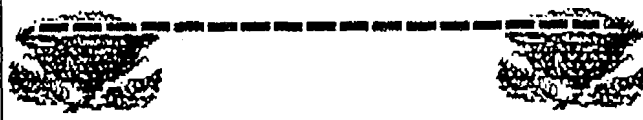

Tues. - 1:00-RSVP Cards; Kitchen Band, 5:00-Dinner (open buffet/salad bar), 5:30-Cardo.

Wed. - 10:00-Quilting, 1:00-Stage Party, 5:00-Dinner (Salmon Patties), 5:30-Cardo Night.

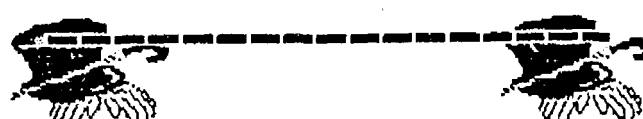

Thurs. - 1:00-Merry Makers, 5:00-Dinner (Meatballs), 5:30-Health Services.

Fri. - Center Closed for the 4th of July holiday.

Frederic Library

Merna Newberry, Pauline Henion, Rose Ann Owens, Fran Lademan, Mariellen Berglund, Vi Middleton of the Frederic Community Library Advisory Board and Barbara Verlinde of the Library went to Suttons Bay on June 16 to look at their library. We are looking at libraries to get ideas for plans for our new library.

We have \$19,030.60 in our Building Fund. Our lots are located on County Rd. 612 East, across from the Baptist Church.

We are having our film program for the children June 23, 30, and July 7, 14, 21, and 28 at 1:00 p.m. at the library, which is located in the Town Hall.

Our reading program will begin June 8 and end August 28. The reading program will once again be co-sponsored by McDonald's of Grayling.

Children need Social Security Cards

Children should have Social Security numbers, says a University of California Cooperative Extension specialist.

Karen Schnitgrund, consumer economics/management specialist at UC Riverside, explains that under the Tax Reform Act of 1986, taxpayers must have a Social Security number for each dependent, age five and over, that they wish to claim for tax purposes. This number must be included on their 1987 tax return.

April 15, 1988 is the deadline to obtain a Social Security number for your child. Don't wait until the last minute to file for a number—processing can take several weeks.

MILITARY LAND USE

Fueled by alcohol in local saloons, lumberjacks and soldiers fought to prove their rugged image some 70 years ago. This rivalry has continued since 1913 when the family of Rasmus Hanson donated thousands of acres to the State of Michigan to include, "a permanent encampment and maneuvering ground for the militia of this state." It is our desire that the present land use conflict be worked out for the mutual benefit of both sides. We only wish people were as concerned about the abusive land use by our enemies in Central America, as our own friendly troops in Crawford County.

While our tax dollars support the local National Guard, many Grayling dollars have also gone to support the enemies of our National Guard in Nicaragua. Dollars given to liberal denominations which support liberation theology have been used to assist in the murder of capitalists. Just as we sold scrap iron to Japan to shoot back at us in W.W. II, even so, Marxists have been trained with our money to fight against our grandchildren later.

As President Reagan has said, the war in Nicaragua is a test of wills between the Soviets and the United States over the future of this hemisphere; "between democracy and communism in Nicaragua, between freedom and Soviet-backed tyranny." When the overthrow of the Somoza right-wing tyranny was an issue in Nicaragua, there was bipartisan support in Washington. But when left-wing Marxists took control of the revolution, suddenly the liberals in Washington became sympathetic, patient, and conciliatory toward the new totalitarian form of tyranny. Millions of our tax dollars were used to

overthrow right-winged tyranny, but as soon as the tyranny became leftist-Marxists, then Washington liberals moved to cut off U.S. funds.

This empathy between Religious Modernists, Secular Humanists, Socialists, and Communists, is no accident. They share the same view of God, the Bible, man, morality and materialism. They differ only in degrees, not in kind. They all share the common dream of a one-world government which will subject all humans to personal slavery for the overall benefit of a one world culture.

All problems we may face today in Crawford County with military land use by friendly troops, will pale within a generation if we lose the battle in Central America. The "loving" Nicaraguan peace keeping forces sent by the new International Socialist Democracy to train at Camp Grayling, will create problems untouched by "Red Dawn" or "Amerika." Pinkish liberals will be replaced by those who are either red or dead.

MONUMENTAL MIRROR WOMANENAT WIKKOB

Stretching from the Washington Monument to the Lincoln Memorial is the Reflecting Pool—one of the heart-gripping scenes for any American on a trip to his Nation's Capital.

What useful purpose does it serve? More than a monumental mirror... it inspires reflection!

Makes one think about and cherish the implications of our freedom, the challenges of our democracy. Helps one recall the spiritual foundations on which our institutions rest.

Such reflections point each of us toward his chosen place of worship. Next Sunday renew your commitment to the religious convictions which helped shape our history... and will undergird our destiny.

4. Motion by Ashton, supported by McLachlan, to recess and go to scheduled public hearing. Motion carried.

PUBLIC HEARING

5. Received and reviewed public opinion regarding establishment of a Special Assessment District to maintain roads in Shangri-La Subdivision. There are 43 owners of record covering 47 lots. Petition and correspondence show 60% (26) in favor of the improvement, 7% (3) against and 33% (14) no comment. Speaking in person for the project were: Fred Fisher, Harry Wolfenbarger, and Lyle St. John. No one spoke opposing the project.

Motion by O'Mara, supported by Blaauw, to adjourn public hearing and return to regular session. Motion carried.

6. Motion by McLachlan, supported by Ashton, to adopt the following resolution:

RESOLUTION

WHEREAS, the Grayling Township Board on May 12, 1987, resolved to proceed under provision of PA 139 of 1972, as amended, for certain improvements to and maintenance of Sunset Strip, Peaceful Vista, and Blueberry Hill roads lying within Shangri-La Subdivision, and

WHEREAS, engineers plans showing such improvements as well as location and estimated costs of same have been filed with the Township Clerk, and

WHEREAS, at a public hearing on June 9, 1987, at 8:00 p.m. in the Township office the Grayling Township Board considered objections to the proposed improvements and tentative assessment district, and

WHEREAS, a tentative assessment district has been established pro-rating the cost among various property owners to benefit by such improvements was presented at public hearing June 9, 1987, at 8:00 p.m.

NOW THEREFORE BE IT RESOLVED, that the Grayling Township Board approve the plans submitted for the proposed improvements and the said improvements be made.

BE IT FURTHER RESOLVED, that the estimated cost of such improvements are approved.

BE IT FURTHER RESOLVED, that the Supervisor is hereby directed to make a special assessment roll naming all owners to be assessed and the amount to be assessed each parcel and that such roll be filed with the Township Clerk.

BE IT FURTHER RESOLVED, that a public hearing be held on July 14, 1987, at 8:00 p.m. in the Township office, West M-72 Plaza, to approve the assessment roll.

Roll call: O'Mara, aye; Ashton, aye; McLachlan, aye; Blaauw, aye; Stancil, aye, motion carried.

7. Motion by O'Mara, supported by McLachlan, to adopt the following budget amendment resolution.

ATTENTION

Very Low Income Families

Low interest money available for Housing Rehabilitation Loans - applicants must have low or moderate income and live in Crawford County. The homes must be owner occupied.

If your income is low enough you could qualify for a deferred, 0%, 1%, 2% or 3% loan. For example, a family of four with an income of between \$8,451.00 and \$9,450.00 would qualify for a 0% loan and would have a monthly payment of \$8.34 per \$1,000.00 of the loan. If they borrowed \$5,000.00 their monthly payment would be \$41.70.

For further details come in to the Crawford County Housing Commission office in the courthouse or call 348-2841, ext. 253. -11-18-25-

GHS Alumni Notes

Nearing completion is a
joint effort of the Crawford
AuSable Schools and the
Grayling High School Alu-
mni Association in the creation
of a school display on the
second floor of the Crawford
County Historical Museum.
Kent Reynolds, Superin-
tendent of Schools, an-
nounced that work is pro-
gressing on two rooms in the
museum, for the display of
mementos and artifacts re-
lating to public education in
Crawford County. A water
cooler from the Wakeley
School has been donated by
Art and Joe Wakeley. A com-
plete door and frame from
the Grayling Middle School
has been installed by Les
Goss, as well as a black-
board. Georgia-Pacific has

donated a large rack which
will hold pictures, papers,
etc. on six large display
boards. The Alumni Asso-
ciation is already receiving
donations of money and
other items to be used in this
project.

Now we need gifts or loans
of school memorabilia;
report cards, photos, pen
and ink stands, or anything
of historical value relating to
school days in Crawford
County. If you have any
souvenirs or items which you

would like to donate or loan
to our school display, please
call the museum at 348-4461
for further information. If
you have items you do not
want to part with, but would
like to share with others,
perhaps copies can be made.
We need your help...won't
you please call and lend your
support?

Class Reunions meeting
separately from the annual
Alumni meeting, are urged
to consider helping us with
donations and becoming part
of this project.

Lifetime of Experience Guides Skip's Sport Shop

By Don Geiss

Hunters and fishermen who know Skip and Gail Madsen listen avidly when they make suggestions because they speak from a lifetime of first hand outdoor experience.

Skip was operating an AuSable Riverboat at the age of seven. Gail spent her early years with her parents operating what she judges to have been the only tourist resort in Crawford County.

About 22 years ago the Madsens built a three-pump gas station at the site of the present Skip's Sport Shop. They operated it only during the summer and spent the off season fishing or traveling for several years. Skip said that they really had no obligations at that time. He commented that at some point they needed some more money or "something like that" so they added on to the gas station and started a little sporting goods business. He said that the gas business was "nothing to get excited about."

Eventually they purchased a sporting goods store downtown and operated it for about one year. In the meantime they added on another 24 by 36 room to the M-72 store with the intent of eventually consolidating the two operations. Gail said that she ran the downtown store and Skip the M-72 location. They decided that it was too much of a problem to handle both locations.

They did some accounting for the two operations and estimated that they could lose 50 percent of the business and still be well off because they would not have the overhead of the second operation.

More additions followed and the business increased although, Skip said, the business in winter was not very great even into the early 70's. He commented that since then, because the population has grown and income increased, the winter business has really grown. "It has been just an overall improvement in the local economy that has caused for the growth," Skip estimated. The Madsens attribute much of the credit for the business to the local residents.

The one venture away from the hunting and fishing business, snowmobile sales and repair, ended the year when there was little snow and no snowmobile sales. Skip said that they also sold outboard motors at one time but that also was dropped. He said that he has since made a vow never to handle anything that involves a gasoline engine.

Upon reflecting about the depth of their experience in the outdoors, Gail told about her father's love of the outdoors and the fact that their cabin resort was always filled with hunters or fishermen. She said that her dad became foreman of Bear Archery when he moved to Grayling. He took all 10 children out fishing or hunting all of the time, she noted. She said that her first deer rescue from starvation occurred when she was about five years old. "We used to go out in the winter, my brothers and I and get the starving deer," she said. "We picked them up and put them on our toboggans, brought them home and nursed them back to health," she commented.

The Madsens observed that when they were young, winter travel was with skis or snowshoes. Skip talked about this minnow catching business that began when he was seven years old. He stored them and then once a week his father

drove him to a little store next to where Dingman's Bar is now located where he sold his catch.

Skip's reflections about unusual happenings during his business tenure brought about a remembrance of the traveling salesman who asked to use his telephone because he had accidentally left his wife in Wisconsin. The man explained that he usually traveled by himself but on this particular trip his wife accompanied him. When he stopped for gas his spouse went to the restroom. When his tank was filled, he started the car and drove off and never realized that he had left her until he reached Grayling. Skip advised him not to even try to locate her (obviously believing that she might murder him for driving off).

Another funny episode happened years ago when a man came in to ask to see a picture of a deer because he was going hunting and had never seen one.

Skip's biggest trout caught on the river was 32 inches. Gail said that her largest was a brown trout 31 1/2 inches. She has also taken one on the Manistee River that measured 28 inches.

The Madsens have been nursemaids regularly during the fawn season when people drop off animals they have found who were in trouble. Others are dropped off by DNR officials. One year they had four of them, Gail said. One was evidently attacked by a mink because it had puncture wounds in the nose, she noted. It was not expected to survive but the Madsens helped pull it through and returned it to the woods after a couple of months.

Gordie Howe, of Detroit Red Wings hockey team fame, is

a regular customer at Skip's as are some of the Fords. The Madsens are often called upon to take out some special groups for a fishing experience. They helped make a show for the "Country Sportsman" television show emanating from Tennessee. Through the show and its star, they have had the opportunity to meet the Oak Ridge Boys. On another occasion they organized guides and hosted a group of out-of-state outdoor writers.

When asked whether they have ever guided people on fishing trips, Skip said he has never in his life guided for pay. Gail said, "The time that we spend fishing is our time. Our outdoor activities are our therapy," she said. The few exceptions have been with very close friends or best customers, she commented.

One bit of advice Skip passed along was that he does not advocate getting into the sporting goods store business because of a love for hunting and fishing. He noted that they went into the business because they were looking for a good business. "If you like to hunt and fish, don't get into the sporting goods business," he commented.

Skip said that they are probably the largest strictly hunting and fishing store north of Clare. He said that the store is open 8 a.m. to 8 p.m. seven days a week. He said that he has always insisted that the store stay open during the hours that it advertises. Their store may stay open later than the 8 p.m. hour but never close earlier, Skip said.

Gail said, "The town has been good to us. We have fished a lot of places in the U.S. but we think that Michigan has the best year-round fishing."

Wilcox Starts 2nd Career After 14 Years in Marines

After serving the citizens of Orange County for almost four years as a Reserve Deputy, Clark Wilcox has decided to make law enforcement his second career. He has accepted a Police Officer position with the City of Newport Beach, Calif., effective May 28, 1987.

Clark's first career has been the United States Marine Corps. A fourteen-and-a-half year Marine Veteran, he leaves the Corps as a Gunnery Sergeant.

Wilcox has been one of the Unit's most active members. He became a Reserve Deputy in August, 1983 and has balanced his Reserve

commitments with those of a demanding military career. His dedication and "can do" attitude quickly captured the attention of his supervisors and peers. In September, 1985, he was promoted to the rank of Sergeant and 1986 donated 1,057 hours of service to the Department. He was also recognized by the Orange County Reserve Coordinators Association for dedicated service for 1986.

Wilcox, formerly of Grayling, is the son of Mr. and Mrs. John Wilcox, Jr., of Grayling. He and Terry Moore, of Garden Grove, Calif., plan to marry on August 22.

GHS Announces Summer Hours

The office at Grayling High School will be open during the following hours during the summer: Tuesday-Friday, 8:00-11:30 and 12:30-3:15.

The office will be closed July 3rd in observance of July 4th. The office will also be closed for vacations during the following weeks: July 6-10, July 27-31, and Aug. 3-7.

The Counseling office as well as the main office at the high school will be open at regular hours starting August 24.

Local Doctor Retains AAFP Membership

Dr. Donald Burkley, of Grayling, has completed continuing education requirements to retain active membership in the American Academy of Family Physicians, the national association of family doctors. The Academy formerly was called the American Academy of General Practice.

The requirements call for the members to complete a minimum of 150 hours of accredited continuing medical study every three years. Members become eligible for re-election at the end of the third year following their election to membership. The Academy, the country's second largest national medical association, was the first national medical group to require members to keep up with medical progress through continuing education.
